Hi,

Considering these unprecedented times, we wanted to share a brief video message with you on how we are continuing to operate during this time. As always, if you need anything from us, or if you have any questions please do not hesitate to call or email David or me. [CLICK HERE](#) to watch the video.

Continuing to offer you a full suite of services.

During this time we understand that knowing you have access to your money is important. We continue to operate as usual, albeit with some staff working remotely. We are fully operational in terms of processing trades, transfers, and providing you tax documents, etc. While we are not scheduling in-person meetings for the time being, we are available by telephone, email, Zoom, and Skype. If you'd like to review your portfolio, or update your financial plan, we would be pleased to organize this with you.

Keeping you in the loop.

We continue to monitor your portfolio daily. We are sending out weekly market updates to keep you informed with new events and announcements. If you aren't already signed up to track your investments online, you can do so at <https://investor.worldsourcefinancial.com/> Please let us know if you require assistance to register.

Thank you.

We are fortunate to be able to work with so many wonderful individuals. Over the course of the past few weeks we know that many of you have been doing your best to support social distancing. We have heard many stories of people helping out family and friends and others in our community with getting groceries, medicine, and other supplies. We've also spoken with many of you who are front-

line health care workers. We cannot thank you enough for the risks you are taking to protect all of us from this pandemic. Thank you for helping to keep our community safe and for your steadfast dedication in the face of adversity.

Best regards,

David Olejnik BA, CFP
